

September 2019

Learning to innovate a story. We are learning to use coordinating

For years ~~and~~ years the rain was ~~pouring~~ pouring
that all of the ^{the friends} villages needed to stay
in their houses. Hayden ~~and~~ all of his
friends were staying in his house. with no sun
there will be no flowers ~~and~~ no hot water ~~and~~ no light
one night Hayden floored his mum talking
with no sun there will be no light.
with no sun there will be no hot water ~~and~~
no flowers ~~and~~ no light. Hayden wished for the
~~Sun~~ Sun to come ~~but~~ but the rain did not stop
~~and~~ and the sun did not come. Then his cat
told to go to the magic river ~~and~~ and say
the happiest thing you know. The next day
Hayden went to get the magic river
When she got there she said the
happiest thing. my happiest thing is
when I got my cat. ~~but~~ but the rain did
not come. Hayden cried ~~and~~ and said with no
sun there will be no flowers no hot water
~~and~~ and no light. then the clouds began to get
darker and darker then the sun came ~~and~~ and
the rain dried up. The birds started singing
like Hayden was so happy.
Hayden ran to his friends. when he
got there every man was celebrating
the sun. then Hayden started
celebrating ~~but~~ but then every man
stopped celebrating. then she
said ~~or~~ or I will not celebrate
I will play with my
friends.
