★ water
As I travel slow the glissing
water as quick as a flash, with red
brown and murky ~~with~~ clashes agents
the butterfly colored boat. As I wonder
what is under the water & the animals
are staring at me. As I travel slow
the water I see the dark colored
colored houses I have a terrible fright.
all the animals as white as a
mouse looking at me for there
next ~~to~~ near. ~~L~~ prancers as
dark as night and alligators
are quiet light and quick.

As I sail across the deep water
I see something quick as, ~~the~~ lightning
It moves, then I realize it was a
butterfly butterfly butterfly • color
of yellow light red light blue, and
malt colored, my favorite was the
malt colored butterfly butterfly
energy ~~the~~ I will have all of
this butterfly butterfly ~~with~~ wild
life.

As ~~as~~ I travel travel half way across
the amazon I notice something in
the mist when we pass the mist
when I found out, they were
macaws colorful and white. all
all ~~the~~ all ~~the~~ all ~~the~~ all ~~the~~

Come got breakfast, lunch and
dinner. They were colored green, blue
red, orange green bright blue and yellow
yellow.

when I go across the amazon I
see juicy little delicious grubs on
trees as tall as a skyscraper. Then I see
all ~~of a~~ of a sudden a giant
grub drop from the tree fell from
the tree. It was, as big as my face
face I felt astonished to see a grub
that big. Then I realized that it
was colorful to my ~~amaze~~
astonishment & it rested my face.

I was about to see the city
but as soon as I turned a corner
and giant mist turns of mist was ~~the~~
there. It was so thick it ~~my~~ blinded
my sight my eye started to water
because the ~~fog~~ mist got so thick.
As I had a look I ~~new~~ then I
suddenly realized it was hiding ~~something~~
something.

As I approached the butterfly city
~~at~~ when I reach the destination.
The first thing I noticed was
the abundance of grubs there were
different types of colors more than
you can name ever really I
spent all of my money on them
no I ~~to~~ have them all so that
is why you should go
